To determine which author name be grouped together under a single identifier number, the Scopus Author Identifier uses an algorithm that ranks author names based on their affiliation address, subject area, source title of publication, citations, and co-authored Documents with insufficient data to be matched, this can lead to more than one entry in the results list for the author. By default, only details for the author matched to more than one document in Scopus are shown in search results. [About Scopus Author Identifier](#)

# حالت سوم: ادغام پروفایل‌های متعدد یک نویسنده

◉ به دلیل تنوع نگارشی یا تفاوت affiliation ایجاد شده که بر H-index تاثیر می گذارد

◉ از آنجایی که پایگاه اسکوپوس به هر نوع نگارش متفاوت نام نویسنده مقالات یک ID اختصاص می دهد و H-index نویسندگان را با توجه به تعداد مقالات نمایه شده هر ID بطور جداگانه محاسبه می نماید، یکسان سازی نام های متفاوت هر نویسنده اهمیت فراوان دارد.

# Request to merge authors، با انتخاب نویسندگان، که فعال شده را کلیک نمایید

The screenshot shows a Yahoo! Mail interface. The top navigation bar includes links for Mail, News, Finance, Sport, Celebrity, Style, Movies, Weather, Flickr, Mobile, and More. A search bar is present with a dropdown menu set to 'All'. The main content area displays a search result for an email from 'Yousefi Rad, Esmaeil - Scopus Author Feedback [Reference:160314-003801]'. The email header shows it was sent on Mar 14 at 1:54 PM to shahrokhi\_so@yahoo.com. The body of the email contains a 'Response' section with the following text:

**Response**

Dear customer,

Thank you for contacting Scopus Author Feedback. This is an automated acknowledgement to confirm that we have successfully received your request for an amendment to the specified author profile.

For all future correspondence regarding this request, please quote your unique reference number provided in the subject header of this email.

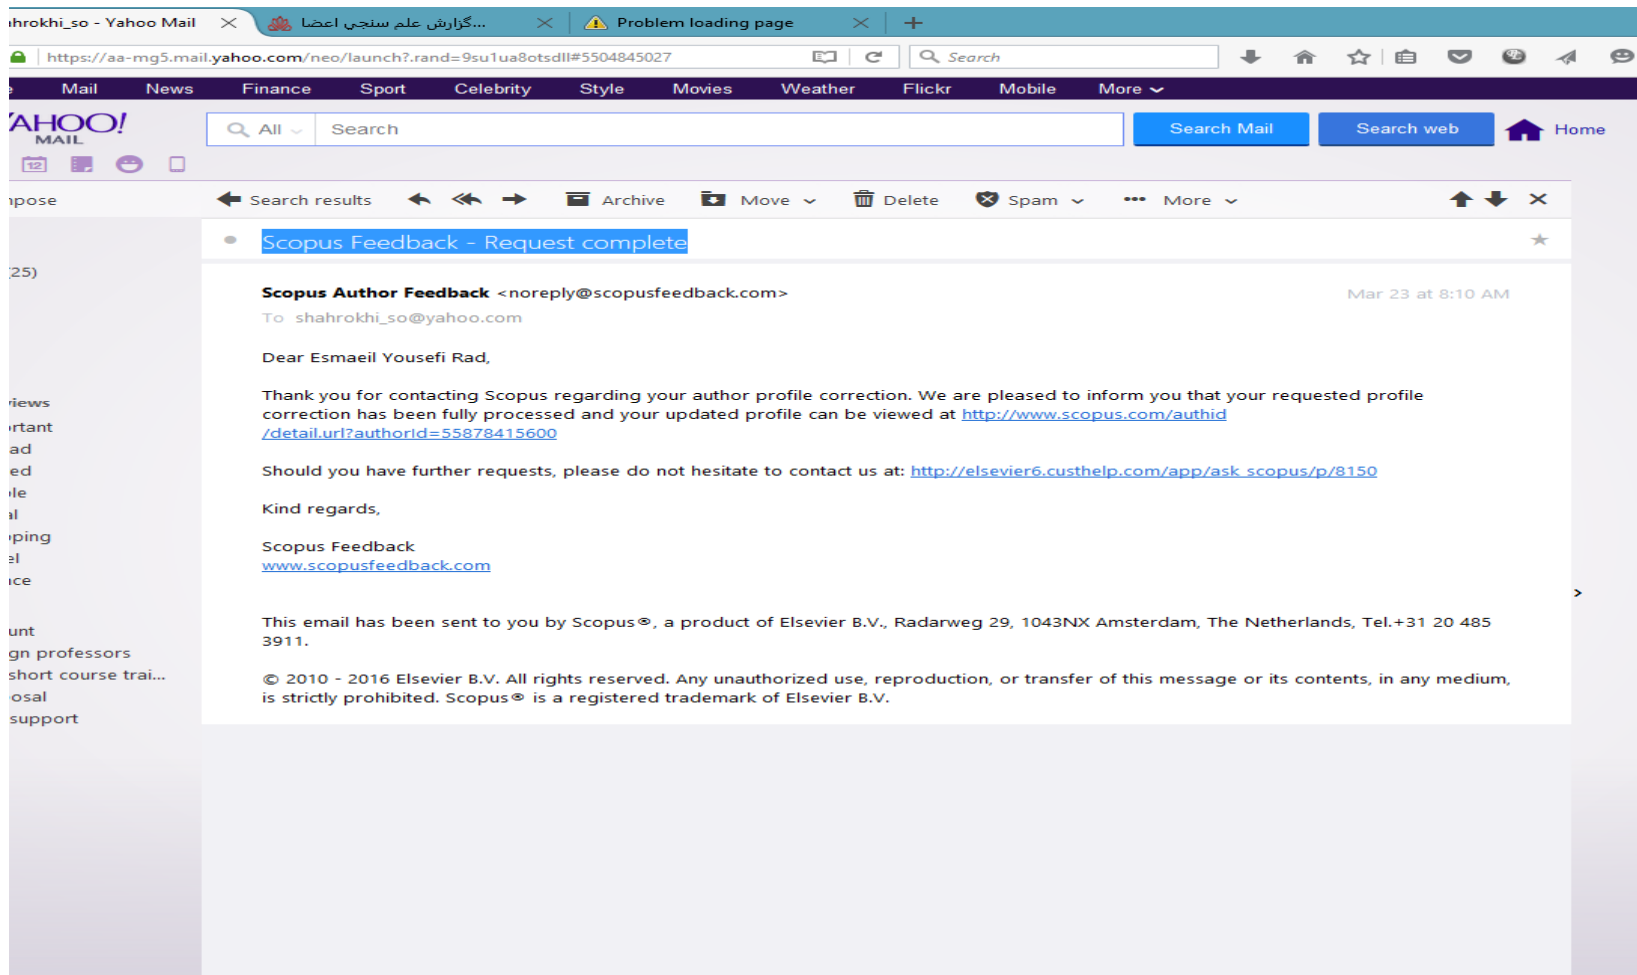

Please be advised that it may take up to seven days before your requested changes appear online. We appreciate your patience in this matter. If we require further information about your inquiry, we will contact you at the email address provided within two working days. If the information you have provided is sufficient and allows us to process your request, we will only contact you upon completion.

To learn more about the Scopus author profiles, citation counting and our content policy, please visit our help files at <http://help.elsevier.com/app/answers/list/p/8150/>

Kind regards,  
The Scopus Feedback Team
