## PUBMED

در واقع سیستم جستجوی الکترونیکی کتابخانه ی ملی ایالات متحده آمریکا در حیطه ی اطلاعات علوم پزشکی و پیراپزشکی می باشد. این وب سایت شامل میلیون ها مقاله مرتبط با علوم پزشکی است و می تواند برترین پایگاه جستجوی مقالات در دنیای مجازی باشد.

# عمده ترین منابع نمایه شده در پابمد

- مقالات
- کتاب
- اطلاعات پایان نامه درون پایگاه پابمد نیست!

نقش عملگرها در ایجاد استراتژی جستجو

## نحوه استفاده از اپراتورهای AND/ OR/ NOT

- AND ضرب منطقی است و جستجو را محدود و اشتراک مفاهیم را می رساند.  
مثل: **osteoarthritis AND physical therapy**  
برخی از موتورهای جستجو نماد + را به جای AND به کار می برند.
- OR جمع منطقی است و برای وسعت جستجو یا به عبارتی افزایش نتایج بکار می رود و اجتماع مفاهیم را می رساند.  
**cancer OR neoplasm**
- NOT تفریق منطقی است که برای مستثنی کردن و حذف مفهومی خاص به کار می رود.  
**Cancer NOT child**  
برخی از موتورهای جستجو نماد - را به جای NOT به کار می برند.
- برانترز / گیومه برای جستجوی یک عبارت موضوعی که از دو کلمه تشکیل شده به کار می رود.  
"physical therapy" یا (drug therapy)  
این دو کلمه در کنار هم جستجو می شوند.

## کاراکترهای جانشین:

*	<p>Asterik: علامت* بجای یک گروه از حروف بکار می رود و شامل هیچ حرف هم می شود. مثلاً *Biolog کلمات Biologist, Biology, Biological را جستجو می کند.</p>
\$	<p>Dollar sing: بجای یک حرف یا هیچ حرف بکار می رود. برای مثال barthold\$, کلمات Barthold یا Bartholdi یا bartholdy را جستجو می کند. \$ همچنین برای یافتن هجاهای انگلیسی و آمریکایی یک کلمه بکار می رود. مثلاً \$vapo کلمات vapor و vapour را پیدا می کند.</p>
?	<p>Question Maik: بجای یک حرف بکار می رود. مثلاً اگر عبارت barthold بزیند یا bartholdi یا bartholdy را جستجو می کند.</p>

جستجوی ما را به يك فيلد ، جمله، عبارت یا آدرس محدود می کند. مثلاً اگر SAME:

را بزنیم رکوردهایی را بازیابی میکند که این دو کلمه حتما در یک فيلد یا جمله به کار رفته باشند. MONOXIDE SAME CARBON.

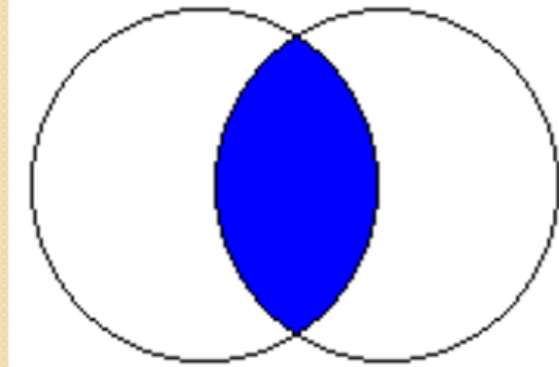

## نکاتی در مورد عملگرها:

- عملگرها باید با حروف بزرگ تایپ شوند، اگر کوچک تایپ شوند **STOP WORD** محسوب شده و اصلاً به حساب نمی آیند و ارزش جستجو نخواهند داشت.
- عملگرها باید از یک فاصله از عقب و یک فاصله از جلو تایپ شوند.

STROKE **AND** ASPIRIN

STROKE **OR** C.VASCULAR  
DISORDERS

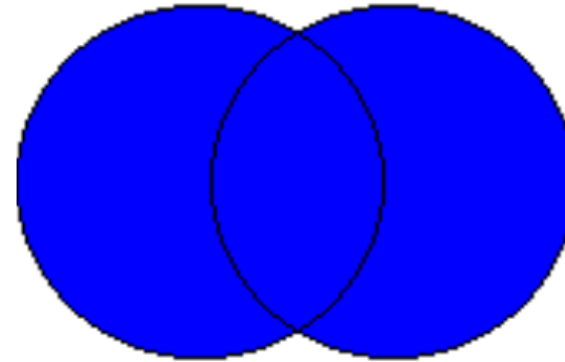

AND

STROKE

ASPIRIN

# PUBMED ADVANCED PAGE

The screenshot shows the PubMed Advanced Search Builder interface. At the top, there is a blue navigation bar with the NCBI logo, links for 'Resources' and 'How To', and a 'Sign in to NCBI' link. Below this is a white navigation bar with 'PubMed Home', 'More Resources', and 'Help'. The main content area is titled 'PubMed Advanced Search Builder' and includes a 'YouTube Tutorial' link. A large text box contains the instruction 'Use the builder below to create your search'. Below this are 'Edit' and 'Clear' links. The 'Builder' section features two search criteria rows. The first row has a dropdown menu set to 'All Fields' and an empty text input field, with a minus sign icon and a 'Show index list' link. The second row has a dropdown menu set to 'AND', another 'All Fields' dropdown, and an empty text input field, with minus and plus sign icons and a 'Show index list' link. At the bottom, there is a 'Search' button and a link to 'Add to history'.
